Fast&accurate Weighing

CAS

ER PLUS series

From precise weighing to efficient sales management, ER PLUS makes your business smarter.

ER PLUS is a multi-functional commercial weighing scale designed to support efficient weighing and sales management across a variety of business environments. It can be connected to label and ticket printers and supports a PC interface for convenient data management and system integration. The PLU (Price-Look-Up) function allows frequently used items and prices to be recalled quickly. ER PLUS supports 5 direct PLUs and up to 200 indirect PLUs, helping streamline repetitive sales operations. A soft-touch silicone rubber keypad also provides comfortable and intuitive operation. With Dual Interval weighing technology, ER PLUS delivers improved weighing accuracy. It is available with LCD or LED display options and includes calculation and daily total functions for more efficient sales and settlement management. The rechargeable battery enables flexible use even where a power supply is not readily available. Auto power-off and adjustable weighing stability functions further enhance usability across various operating environments.

Dual Interval Technology with High Resolution

High resolution (1/3,000) and dual interval technology which allows the scale weighing intervals to automatically change when a certain amount of weight is loaded on the tray.

Soft touch tact switch with silicon rubber keypad

The soft touch tact switch with a silicone rubber keypad provides protection against water, flour, dirt, and other external substances.

Rechargeable Battery

After recharging the battery for 10 hours, the ER PLUS can be used for up to 200 hours with an LCD display and up to 45 hours with an LED display.

Double Tray

Available with both plastic and stainless steel trays made from heavy-duty and washable materials.

Fast&accurate Weighing

ER PLUS is equipped with CAS One-chip which guarantees fast and accurate weighing performance.

5 Direct PLUs with 200 Indirect PLUs

Quickly recall frequently used items and prices for convenient operation.

Are You Searching For a Way to Upgrade Your Weighing Experience?

The CAS ER PLUS Price Computing Scale and DLP/DEP Thermal Label/Ticket Printer are the ideal combination for businesses seeking reliable, modern retail hardware at an affordable price.

Easy to set up and simple to operate, the ER PLUS and DLP/DEP provide the essential weighing, price computing, and printing functions needed for fast-paced retail environments. Enhance your daily operations with a practical and cost-effective retail solution from CAS.

Connect with a Barcode Label or Ticket Printer

The ER PLUS Series can be connected to the DLP-50 label printer and DEP-50 ticket printer via the RS-232C interface. Once connected, the ER PLUS Series can be used as a label/ticket printing scale. Label and ticket formats can also be modified using the provided PC label/ticket editing software.

The label can display the commodity name, packed-on date, sell-by date, weight, unit price, total price, and message. Enter a greeting message for customers or the user's company name.
